

# FREE ALPHA-H PACK WORTH \$107.95

Alpha-H Vital C and Light Daily Defense are perfect for your post-party season skincare regime. With our outdoor lifestyles and our perfect weather, Australians are world renowned sun lovers. Unfortunately sun exposure is considered to be one of the major factors in the premature ageing of the skin. Alpha-H has developed Light Daily Defense which is a lightly textured, fast absorbing daily moisturiser with natural sun filters and antioxidants to help shield the skin.

Sun protection doesn't end with a sunscreen. Alpha-H Vital C Serum which is a highly concentrated antioxidant serum containing L-ascorbic acid and Olive Leaf Extract, provides a secondary shield to guard against this. A holiday and travel essential, it is the perfect partner to Light Daily Defense.
